WEDDING FAQ's

Can we choose more than one cake flavour?

Of course! Tiered wedding cakes can have different flavours for each tier, giving you and your guests a little bit of everything.

Can you recreate a cake from an inspiration photo?

You're more than welcome to send us inspiration images. We'll use these to understand the style you love while creating a GG Bakes design that feels personal to your wedding.

Do you deliver and set up wedding cakes?

Yes, delivery and set-up can be arranged depending on your venue and wedding date. Delivery and set-up charges are calculated based on the location and requirements of your cake or display.

When do we need to confirm our final design?

We'll arrange for your final details to be confirmed ahead of your wedding, including flavours, design, portions, venue information and set-up requirements.

How do we get a quote?

Simply get in touch with your wedding date, venue, approximate guest numbers and any inspiration you have. From there, we can check availability and start putting together your perfect GG Bakes wedding order.

Still have a question?

We'd love to hear about your wedding! Get in touch with us and tell us a little about your plans, and we'll help you create something beautiful (and delicious!) for your day. ♡
